Who we are

Established since 2016, Pr|Analytics is a Mauritian-based IT consulting company that aims at sparking African SMEs through cutting-edge technologies and Analytics. Through a “smart” lean management approach, Pr|Analytics provides a suite of tailored cloud-based management & productivity software, as well as data and analytics services, affordable and accessible for African startups, entrepreneurs, and mostly SMEs. Furthermore, Pr|Analytics has already managed to provide solutions to core users from industries such as Commercial & Retail, Travel agencies, Transport & Logistics, Telecoms, Tourism & Hotels in Mauritius, Ivory coast, Angola etc...

PRESENTATION

Pr|Analytics, is about...

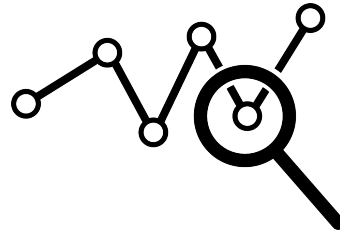

- Proximity (Availability)
- Active listening to customer
- Reliability and speed of customer service
- Innovation (innovative approach)
- In-depth knowledge of the edge-cutting technologies (updated solutions, proven solutions)
